- The effectiveness of training programs for new trainers and their relationship to improving their training competencies from the point of view of training experts and leaders in the Republic of Egypt. (PhD thesis)

**Evaluation of dissertations and scientific research:**

- Evaluation of 21 theses and dissertations inside and outside Iraq.
- Evaluation of 92 scientific research papers in peer-reviewed scientific journals inside and outside Iraq

**Courses I took in academic and professional studies: -**

- Teaching methods.
- education basics.
- View and apply.
- Social Psychology.
- Educational psychology.
- Building training programs.
- Public Administration.

- Democracy and human rights.
- Measurement and evaluation.
- Economics of education.
- General teaching methods.
- Creative teaching methods.
- Developmental games.
- Sustainable development.
- human rights.
- Educational strategic planning.
- Neuro-linguistic programming.
- Management systems and policies.
- Modern trends in training.
- Effective coach skills.
- Scientific research methodology.
- Foundations of education.
- Philosophy of education.
- Advanced strategic planning.
- Administrative leadership skills.
- Ethics of the training profession.
- thinking skills.

**Scientific sessions:**

- Teaching methods course.
- Linguistic safety course.
- Organizing exams and evaluating students.
- Curriculum maps and course descriptions.
- Strategic planning course
- Educational planning course
- General administration course
- Preparing trainers in the field of mental health care for drug abuse in Iraq, World Health Organization (WHO)
- Teaching methods course in university education.

- Body language course
- **Course on modern trends in education**
- English language course.
- **Statistical methods in research.spss**
- Administrative leadership preparation course.
- Preparing the curriculum in light of the learning outcomes.
- Teaching methods in university education.
- Middle leadership preparation course.
- Trainers preparation course
- Expert training course
- Training consultant course.
- **Total quality cycle.**
- Thinking skills course.
- Scientific research course.
- **Website management course.**
- Youth leadership preparation course.
- Political systems course.
- Human rights course.
- The cycle of peaceful coexistence.
- Training program building course.
- Team building course.
- **Soft skills course.**
- Personality analysis course.
- Types of Democracy course.
- Leadership concepts and types of leaders course.
- Course on preparing scientific reports and research.
- The art of etiquette course.
- A course on mechanisms and proposals to reduce violence against women in Iraq.
- Project management course.
- Guidance services course and its relationship to cognitive competence among outstanding students.
- Mental arithmetic course.
- A course in designing models and analyzing data using a program.KoBo and Excel

- Project management course.PMP
- Community mobilization/adolescent health course.
- Monitoring and auditing course.
- Trainer preparation course in the administrative field.

## - First Aid Course.

- Course on preparing scientific research and its requirements.
- Reports, research and safety of the Arabic language course.
- Chief quality system auditor course.
- Arithmetic course using the Japanese abacus.
- A course on the subtleties of body language and the secrets of personality analysis.
- Psychology and mental illness course.
- Course on the art of public speaking and delivery.

## - Civil Service Law Course.

- Risk management, safety and quality control procedures course.
- Press release writing course.
- Behavior modification techniques course.
- Global Understandings and Scientific Publishing Course.
